Dear Sir:

In response to an Office Action mailed June 7, 1999, in the above-identified Application, please amend the Application by substituting the enclosed printed sequence listing and its copy in computer readable form for the previously filed sequence listing and computer readable form.

REMARKS

In an office action dated June 7, 1999, the Examiner indicated that the CRF diskette in the above-identified Application was not in compliance with Sequence Rules 37 C.F.R. 1.821 - 1.825. According to the Raw Sequence Listing Error Summary included with the Office Action, the data on the CRF diskette was missing mandatory numeric identifiers and responses caused by a "bug" in PatentIn Ver. 2.0. A copy of the Raw Sequence Listing Error Summary and the Notice to Comply is enclosed.
